

Uelzena Sport: Taste and functionality - instant isotonic electrolyte drinks

Uelzena instant electrolyte drinks are designed to quickly prepare an isotonic mineral drink. They dissolve well in cold water and are ideal for being served from a beverage dispenser.

The fruity-fresh sports drinks contain a carefully selected mix of carbohydrates for a continuous energy supply, a lot of valuable minerals for the metabolism of the muscles, and a mix of ten different vitamins.

This all ensures an optimum supply for the body during exercise or during a competition, during hot temperatures or in the case of strong physical work.

Uelzena Sport drinks are, in particular, suitable for use in sports studios, sports clubs, for catering at sports events as well as for wellness and sports hotels and for employees working at high environmental temperatures.

Our varieties:

- **Cherry**
- **Orange**
- **Tropical**
- **Grapefruit**

Isotonic drink powder

Description	Electrolyt-drink powder type cherry	Electrolyt-drink powder type tropical	Electrolyt-drink powder type grapefruit	Electrolyt-drink powder type orange				
Dosage	appr. 50 g / 500 ml resp. 1 kg / 10 litre							
Productivity	appr. 50 glasses							
Packaging	tubular bag of aluminium composite film (PET/PE/ALU/PE/PE)							
Net weight bag	1 kg							
EAN bag	40 32300 01629 6	40 32300 01630 2	40 32300 01631 9	40 32300 01633 3				
Appr. size L x D x W	appr. 100 x 70 x 260 mm							
Weight	appr. 1,012 kg							
Net weight carton	10 x 1 kg							
EAN carton	40 32300 65629 4	40 32300 65630 0	40 32300 65631 7	40 32300 65633 1				
Appr. size L x D x W	appr. 390 x 190 x 258 mm							
Weight	appr. 10,42 kg							
Net weight Europalett	60 x 10 = 600 kg							
Appr. size L x D x W	appr. 1200 x 800 x 1434 mm							
Layer	12 carton x 5 layer							
Weights	appr. 648 kg							
Shelf life	18 months							
Residual term	12 months							
Declaration	German
